INTERIM ADVISING PROGRAM (IAP)  
LTSC STUDENT ADVISING AGREEMENT

The following agreement clarifies the expectations of students within Letters and Sciences (LTSC). Review this agreement with an advisor, initial each statement and sign below indicating you are aware of the items included in the agreement.

I, _____________________________________, understand I am responsible for my academic planning and progress. I will carefully read this agreement and ask any questions I may have BEFORE I sign below.

______ I am aware I must enroll in a minimum of 12 credits to be a full-time student.

______ I will satisfy General Education Academic Writing and Fundamental Math requirements during my first semester in IAP. Failure to do this will require me to register in person at the Office of the Registrar until they are completed.

______ I must complete at least one advising appointment, 2-semester plan, and exploration activity every semester I am an IAP student in order to have my advising block removed. Failure to do this early in the semester will result in my registration being delayed.

______ I will declare my major before the completion of two semesters in IAP. If I prolong my decision, registration for future terms will be blocked until I declare a major.

______ I am responsible for maintaining regular communication with my IAP advisor—meaning, I must maintain and regularly check my official e-mail address of record at the University for LTSC correspondence.

______ I am responsible for familiarizing myself with the University’s academic and financial calendar. Deadlines to drop/add classes may involve additional fees.
